

Devoteam announces the acquisition of Integrity to boost its Cybersecurity activity and managed services across EMEA.

Paris, June 16, 2021 - Devoteam, leading digital consulting firm in EMEA continues to **solidify its strategic focus on cybersecurity** with the **acquisition of Integrity**, a cloud-based service platform, **expert in Pentesting as a Service (PTaaS)**.

With this acquisition, Devoteam will strengthen its existing risk & compliance activities in consulting and **will be able to offer managed services** through a dedicated platform **all over EMEA** joining with Devoteam a community of 650 cyber security consultants.

In a context where the average cost of a data breach is \$3.86 million as of 2020. (IBM) Personal data was involved in 58% of breaches in 2020 (Verizon).

Devoteam will now benefit from the experience of this specialist to assess and improve the level of security for its customers with a **portfolio of innovative managed services** such as **Keep it Secure 24**.

'Our Devoteam offensive security activities were until now focused on specific targets for specific customers. With Integrity, their teams and platforms, we will be able to offer our services in a continuous and global way while keeping a high level of expertise.' explained **Renaud Templier, Devoteam Group Vice President - Trust & Cybersecurity**

Integrity's approach consists in a dynamic and continuous service, based on a proactive and reactive security evaluation: this implies a faster development cycle and greater customer agility and responsiveness.

'Our integration with Devoteam will allow us to expand our offers to access a wider scope of geographies, clients and activities. It will reinforce our capacities in GRC (governance, risk & compliance) to address and hopefully anticipate CISO and DPO (Chief Information and Security Officers and Data Protection Officer) major concerns and stakes.' commented **Rui Shantilal, CEO & Co- Founder - Integrity**

With offices in Portugal, Spain and the UK, **Integrity** serves more **than 200 clients with its 85 collaborators**. Integrity management team continues onboard managing the company and serving clients.

This acquisition will furthermore strengthen Devoteam operations in Portugal which are already strong thanks to 900 employees.

About Devoteam

Devoteam is a leading consulting firm focused on digital strategy, tech platforms and cybersecurity. By combining creativity, tech and data insights, we empower our customers to transform their business and unlock the future.

With 25 years' experience and 8,000 employees across Europe and the Middle East, Devoteam promotes responsible tech for people and works to create better change.

About Integrity

INTEGRITY is a Cybersecurity Consulting and Technological Audit company. INTEGRITY is certified in ISO 27001, ISO 9001 and PCI-DSS QSA, member of CREST and CIS - Center for Internet Security. The company has 12 years of existence, and is operating in more than 19 countries across EMEA, due to high-value Cybersecurity services provided, which combine their experience and proprietary technology to reduce, consistently and effectively, customers' cyber risks. The services range include Persistent Penetration Testing, ISO 27001, PCI-DSS, GRC and third-party risk management solutions.
